

ANNUAL OPEN HOUSE

THURSDAY, MAY 11TH, 2017 10:00 AM – 2:00 PM

Tour the Festo Mobile Exhibit

See the latest innovative products and solutions offered by Festo. Visit with our Automation experts to discuss your specific application needs and witness the worlds most advanced automation products.

Learn more about our latest partnership with UNIVERSAL ROBOTS

Universal Robots fits perfectly with our current product offering, furthering our ability to help our customers apply the latest in automation technology to improve productivity and reduce costs.

Come visit their booth and see the robots on display, or attend the Collaborative Robot Training and applications class offered from 11:30 am to 12:15 am. RSVP to sgullen@rwearl.com if you would like to attend.

Attend one or all of the technical training classes offered on-site:

10:30 am – 11:15 am Static Clean
Understanding and Eliminating Static Problems in Processes

11:30 am – 12:15 pm Universal Robots
Collaborative Robot Training and Applications

1:00 pm – 1:35 pm Festo, Balluff and Murr
Interfacing Ethernet IP Products with Rockwell Automation

If you would like to attend any of the training classes above, please email sgullen@rwearl.com to rsvp, as space is limited.

Ralph W. Earl

AUTOMATION SOLUTIONS

See live demonstrations and talk to a factory representative from any of the manufacturers that will be on site including:

See our facility

Experience the entire operation and view our manufacturing capabilities in Pneumatic & Automation assemblies, Turn Key Solutions and Hydraulic Power Units. Meet the people from our Inside Sales team that support you each week. **Lunch will be provided by Dinosaur BBQ** and your co-workers are welcome to join you. Please come rain or shine!

RSVP to sgullen@rwearl.com by May 1st with your company name and the number of people attending. We look forward to seeing you!
