

MANUFACTURERS WALL OF FAME

2021 Manufacturers Wall of Fame Nomination Form

About the Manufacturers Wall of Fame

Since 2001, MACNY has been honoring leaders in manufacturing that have displayed exceptional leadership while navigating through today's complicated economic conditions. They tend to share four key characteristics: They are humble, curious, caring, and dedicated. They tend to attribute success to others on their team, ask many questions and excitedly wait for answers, they genuinely care about others, and they always go the extra mile.

Each year, honorees are chosen by former Manufacturers Wall of Fame Inductees on criteria including, but not be limited to revenue growth, capital investment, leadership, employee training programs, production quality, energy conservation, philanthropy, and any other factors contributing to growth and sustainability within a company or industry.

There are so many great leaders at the center of our member companies that continue to inspire the manufacturing sector. All of our previous inductees can be found at www.macny.org/about/wall-of-fame/.

Submission Guidelines

Anyone can nominate an employee that is a top officer or leader within a MACNY member manufacturing company that has displayed exceptional leadership contributing to the economic well-being of the region, organizational growth or expansion, or civic/philanthropic leadership in the community.

The deadline for entries for the 2021 Manufacturers Wall of Fame Award is Wednesday, June 30, 2021. The winner will be selected by former Wall of Fame Inductees and will be honored at MACNY's 108th Annual Celebration of Manufacturing on September 23, 2021 at The SRC Arena & Events Center.

Please complete all materials and submit via email to Marisa Norcross at mnorcross@macny.org.
