

ARE YOU READY TO MAKE A **DIFFERENCE** IN THE LIVES OF OUR FUTURE WORKFORCE?

Become a career coach and guide high school students toward their success. Your time, encouragement, and experience could be the boost they need to reach their full potential. Work with students on an activity that relates to STEM or general career readiness that are designed to help them develop their transferable skills, provide networking opportunities, and prepare them for the workforce.

WHY BE A CAREER COACH?

- Invest in the future workforce.
- Share your passion and experience.
- Professional development.

TYPICAL ACTIVITIES

- Resume reviews and mock interviews.
- Team building or problem-solving exercises.
- Industry-based challenges.

IDEAL QUALITIES OF A CAREER COACH

- Strengths-focused and committed to bringing out the students' best potential.
- Invested in the process of supporting career-connected experiences for students.
- Continuous learner and flexible mindset.

“ The key thing to remember is this is a long slow process. It is the proverbial pebble in a pond. I am making an impact just by showing up and being an example. I have no control over where those ripples in the water go, but I do know there will be ripples. Knowing that it is a long process, let's me keep returning to see what change has happened. ”
